BETHLEHEM CO. AND WAR BOARD of the National War Labor Board in making it public before it has reached CLASH ON EDICT AERIAL POSTMEN

Steel Plant Head Scored by Missouri Mountain Chain Taft and Manly for Disobeying Findings.

BREAK OVER EXAMINERS

Company Seeks to Install Its Own System of Bargaining With Employees.

A break in the working relations between the Bethlehem Steel Company and the National War Labor Board was revealed yesterday when the War Board made public a letter in which E. G. Grace, president of the steel company, requested the withdrawal photographers will take snapshots of of the board's examiners from his plant.

A het rejoinder signed by William Howard Taft and Basil M. Manly, joint chairmen of the War Board, has men accuse the Bethlehem company are enthusiastic over their tasks and of refusing to apply the board's find- many of them have announced their ings or to respect its authority for the reason that hostilities have ceased.

Mr. Grace stated in his letter that own planes and hereafter cross-counhis company was unable to adopt a try flying promises to be a popular finding of the board's examiners be-cause hostilities had ended, with the consequent cancellation of the greater of the flight to-day served consider part of the war orders on which the employees affected were working.

The principal point which aroused the wrath of the War Labor Board was, however, the company's desire to substitute for the board's system of collective bargaining by the employees a system of its own.

The system of collective bargaining OWEN ANTICIPATED

installed by the War Labor Board consisted of the election by the workers of one shop committeeman for every undred workers. These delegates deal with representatives of the company under the supervision of the War Board's examiners. There were at Bethlehem about 250 of these delegates and several examiners of the

"In view of the problems which confront us at Bethlehem, our force there being four times as much as at the outbreak of the Huropean war." Mr Grace says in his letter, "may we suggest the desirability of withdrawing Exchange reforms urged by United your examiners who are still at our States Senator Robert L. Owen of Oklaplant, thus permitting us to proceed homa, chairman of the Senate Banking and rearrangement of our working and Currency Committee, who has an to make the necessary adjustments forces to meet the new peace time competitive conditions, and also to enable to-morrow to study English, French, us to proceed with the installation of Spanish and Italian commercial banking the practical, comprehensive and per- conditions, and his leaning toward forimanent plan of employees' representa- nightly settlements, a statement was 100 tion, providing for collective bargaining, which is now in successful operation at our other plants."

Board's Powers Not Yet Ended. Mr. Taft and Mr. Manly, in their re- adoption of bi-weekly settlements for the ply, point out that the authority and present. unabated until the President has pro- Streit said:

And July when the solutions of the war was incomed in the balant, our troops are the solutions in the present of the control of the solution plant to extract include the property of the war and in order that our troops the war and to the war and in order that our troops the war and in order that troops the war and t

NEEDED BY ALLIES

U. S. Manufacturers Will Be Called On to Supply the Necessary Building Materials.

Belgium. England and France are about to call upon the United States to supply building material and equipment for at least 1,000,000 houses, according to William C. Redfield, Secretary of the Department of Commerce, says the Dote Service Daily Building Reports to-day.

This fact, with disciosures concerning the domestic building situation made to various trade conventions hast week, has brought the American building investor face to face with a rather serious condition. The problem centres chiefly in the question of building material demand and the capacity of American manufacturers to meet an unprecedented domestic call for construction material and at the same time take care of the imperative requirements of other parts of the World.

A computation of the probable amount of new construction is being made at present, and it is already evident from figures at hand that there is approximately twice as much building construction in project in this country to-day as in the best previous years ever recorded. No consideration is given to the building demands of South America and Canada, where American cement is

whereas to-day it is worldwide and far beyond the capacity of present American building material manufacturers to sup-ply it when it gets into full stride. Prices of practically every building 56 SI 7 N Y Conn 18 SSM, SSM, SSM, SSM, -1%, 7415, 61 67 N Y C & St. 7215, 72 7215 - %, 9715, 86 2 N Y G E L 9715, 9615, mmodity are remarkably steady.

atty, T. G. & T. Co. 176 Bway. \$7,500

The men of the regiment will do all the work of getting the great monolith out of the crag and transporting it to Sleepy Hollow. The boulder will stand on the plot which William Rockefeller gave to the regiment for the interment of chilsted men without home, friends or means. There will be a bronze tablet bearing the names of the dead.
More than thirty died in the last two months, mostly the result of exposure on duty which developed into instate island cextr., Dec 5. A 17x, 502
atty, T. G. & T. Co. 176 Bway. \$7,500
